

Optional East Sandy Elementary Learning Environment Request Form
2017-2018

As we begin to generate class lists for next year, our priority is to support student success by creating classroom compositions and environments that are balanced in terms of academic needs, behavior and social needs, and boy/girl ratios. Learning styles are matched with teaching styles. Personalities of students and instructors are carefully considered, as are the interactions of peers. Your input is always important and if you would like to share some specific needs of your child, now is your time.

This form will provide you an opportunity to share your child's needs and the type of classroom environment he/she thrives in to maximize his/her learning. This is **not** a teacher request form.

You may fax this form to 801-826-8426, bring it to the office or attach it to an email and send it to kenna.sorensen@canyonsdistrict.org.

Deadline: All forms need to be in the office by **Friday, May 12, 2017**

Student Name: _____ Current Grade _____ Male/Female _____
